

B400 Channelizer Drum with 4 x 6" EG Sheeting & a Rubber Base

Work Area Protection Corporation Channelizer Drums and Bases are engineered to withstand the harshest traffic, construction and weather conditions. Because of their durability, they're very cost effective. They're also easy to set up and take down. The innovative snap-on bases lock secure and tight to the drum. The base's bottom design hugs tightly to road surfaces.

Features

- Durable, blow-molded construction
- Low-density polyethylene
- 5-tier telescoping design
- Built-in carrying handle on drum and base
- Positive-locking grip between drum and base
- Four available base options with anti-rotation knob
- Shift-resistant base design
- Light attachment on both sides
- UV-stabilized bright orange polyethylene is formulated to resist fading and discoloration
- The barrel body and bottom section both incorporate a non-circular cross section to inhibit rolling after impact
- B400A is designed with a larger, flared base. This design allows us to increase the flat edges around base to offer more resistance to rolling when knocked over and lying on its side.

Channelizer Drums & Bases

channelizer drums & bases

Product No.	Model No.	Description	Base
272009	B400/LD	Drum No Sheeting	Top Only
272984	B400/LD	Drum 4X4" EG Sheeting	Plastic
271983	B400/LD	Drum 4X4" EG Sheeting	25# Rubber
271994	B400/LD	Drum 4X6" EG Sheeting	Top Only
	B400/LD	Drum 5X6" EG Sheeting	Top Only
272006	B400/LD	Drum 5X6" EG Sheeting	35# Rubber
271985	B400/LD	Drum 4X4" HI Sheeting	Top Only
271990	B400/LD	Drum 4X4" HI Sheeting	Plastic
271986	B400/LD	Drum 4X4" HI Sheeting	25# Rubber
271987	B400/LD	Drum 4X4" HI Sheeting	35# Rubber
271988	B400/LD	Drum 4X4" HI Sheeting	40# Rubber
271999	B400/LD	Drum 4X6" HI Sheeting	Top Only
272004	B400/LD	Drum 4X6" HI Sheeting	Plastic
272000	B400/LD	Drum 4X6" HI Sheeting	25# Rubber
272001	B400/LD	Drum 4X6" HI Sheeting	35# Rubber
272002	B400/LD	Drum 4X6" HI Sheeting	40# Rubber
271981	B400/LD	Drum 4X4" DG Sheeting	Top Only
271992	B400/LD	Drum 4X6" DG Sheeting	Top Only
272005	B400/LD	Drum 4X6" HIP Sheeting	Top Only
271991	B400/LD	Drum 4X4" HIP Sheeting	Top Only
272026	B400A/LD	Drum No Sheeting	Top Only
	B400A/LD	Drum 2X4" EG WH Sheeting	Top Only
272013	B400A/LD	Drum 4X4" EG Sheeting	Top Only
272015	B400A/LD	Drum 4X4" EG Sheeting	Plastic
272014	B400A/LD	Drum 4X4" EG Sheeting	25# Rubber
	B400A/LD	Drum 2X6" EG WH Sheeting	Plastic
272023	B400A/LD	Drum 4X6" EG Sheeting	Top Only
	B400A/LD	Drum 5X6" EG Sheeting	Top Only
	B400A/LD	Drum 2X4" HI WH Sheeting	Top Only
272016	B400A/LD	Drum 4X4" HI Sheeting	Top Only
272018	B400A/LD	Drum 4X4" HI Sheeting	Plastic
	B400A/LD	Drum 4X4" HI Sheeting	35# Rubber
272020	B400A/LD	Drum 4X6" HI Sheeting	Top Only
275823	B400A/LD	Drum 4X6" HI Sheeting	Plastic
	B400A/LD	Drum 4X6" HI Sheeting	25# Rubber
	B400A/LD	Drum 2X6" WH 2X4" OR HI Sheeting	Top Only
	B400A/LD	Drum 2X6" WH 2X4" OR HI Sheeting	Plastic
	B400A/LD	Drum 2X4" DG OR 2X4" HI WH Sheeting	Top Only
272012	B400A/LD	Drum 4X4" DG Sheeting	Top Only
272011	B400A/LD	Drum 2X6" DG OR 2X6" HI WH Sheeting	Top Only
272022	B400A/LD	Drum 4X6" DG Sheeting	Top Only
272024	B400A/LD	Drum 4X6" HIP Sheeting	Top Only
272019	B400A/LD	Drum 4X4" HIP Sheeting	Top Only

EG = Engineering Grade, HI = High-Intensity Grade, DG = Diamond Grade, HIP=High Intensity Prismatic
DGO = Diamond Grade Orange, HIW = High-Intensity Grade White, WH=White, OR=Orange

Unless noted otherwise, sheeting is applied orange/white rotation, top to bottom.
